ALL PIsIEG PI NOTICE  
No. 43 - 77

TITLE/SIGNIFICANCE:

SS-X-16/20 TEL/RESUPPLY VEHICLE CHASSIS

COMMENT: This is the first notice prepared on the SS-X-16/20 TEL/Resupply Vehicle chassis. This unique six-axle chassis with a split cab had previously been observed only at SS-X-16/20 associated facilities. However, a six-axle chassis with a split cab was seen at the Kramatorsk Machine Building Plant, USSR. This may indicate an additional purpose for this chassis or an SS-X-16/20-related production/assembly function for the Kramatorsk Plant.
